

Helping Build a Better
Tomorrow

MOBILE SOURCES OUTREACH

Jade Gabri, Student Intern
St. Regis Mohawk Environment Division

O WERA'SHON:A THE WINDS

Let us give thanks to the winds of the earth.

From the four directions they come,
carrying the rains upon their back, and
bringing change to the weather and the
seasons. They deliver our words, and can
be gentle as a whisper, or have the power of
a hurricane. The winds fill us, and connect
us to all life, and are the breath of the
ancestors of life. The winds are the sacred
breath of the Creator. Let us
acknowledge the winds. So be it in your
mind. Now our minds are as one.

EDUCATION

- ◉ Carpooling
- ◉ Idling
- ◉ Topping off
- ◉ Car maintenance
- ◉ Mobile source compilation projects

CARPOOLING

- ◉ 1. Survey the community
- ◉ 2. Inter-office carpooling

- ◉ Inter-office carpooling slogan contest

IDLING

- Awareness Ticket
 - In the process of being finalized.

Violation	Date	Time
Vehicle Plate Number		

**St. Regis Mohawk Tribe Environment
Division
Air Quality Program**

Notice of Idling Violation

This is not a summons or a ticket. It is a reminder that unnecessary idling is unjust all over. Exhaust fumes created by idling pollutes the air and create a public health hazard. Running your engine in your car, while parked, is inefficient and a waste of fuel.

	<p><u>Idling Reduction is our goal in Akwesasne</u></p> <p>This is a friendly reminder to do your part in reducing engine idling and help us all breathe a little easier!</p> <p>Nia:wen!</p> <p>Helping Build a Better Tomorrow.</p>	
--	--	--

HELPING BUILD A BETTER TOMORROW

Aunty Idle

Stop Refueling. Start Carpooling!

Carpooling saves money on fuel, insurance and lets you catch up with all the gossip. On average, it is said that it costs over \$9,000 per year to own and operate a personal vehicle. Carpooling allows you to share that expense by commuting together, leaving extra cash in your pocket. By carpooling, you will also help in the effort to reduce traffic congestion and air quality. Help improve the health of the community

Stop Refueling. Start Carpooling.
