

Household Hazardous Waste Resource Guide

WHERE CAN I TAKE MY HOUSEHOLD HAZARDOUS WASTE?

The Saint Regis Mohawk Tribe, Solid Waste Program with the support of the USEPA, Tribal Hazardous Waste Grant Program created this resource guide for the community of Akwesasne to assist them with the proper disposal of household hazardous wastes (HHW).

HOW TO USE THIS GUIDE

A number of businesses in Akwesasne and in the immediate areas were identified as being able to accept various types of HHW. The guide provides the business name, address, phone number and website (if available) along with a list of HHW materials they can accept. In most cases the HHW materials are accepted for "NO FEE". In some cases small fees are charged. The guide provides a convenient map of the area identifying the businesses accepting HHW.

THE SOLID WASTE PROGRAM

The St. Regis Mohawk Tribe's solid waste management program is dedicated to managing solid wastes in a manner that honors the earth, people, plants, animals, and waters while contributing to the economic and social progress of the community.

A comprehensive integrated approach is used and it promotes waste reduction, reusing, and recycling followed by off reservation disposal of garbage at a regulated disposal facility.

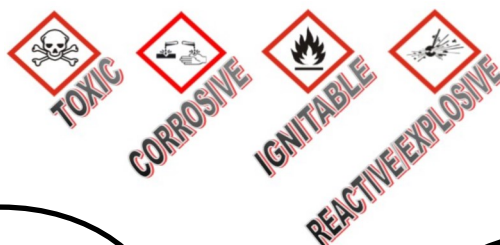

HOUSEHOLD HAZARDOUS WASTE AND THE COMMUNITY

Hazardous Waste (HW) has four characteristics that make it dangerous, ignitability corrosivity, reactivity and toxicity. HW can have toxic chemicals that are negative to nature and people. Earth resources are needed clean. Your health depends on your very own decisions that you make because some chemicals can have irreversible negative harm to the body. Let's use the proper tools and resources that we have at hand to take care of Earth.

Remember, you don't have to deal with hazardous waste in the first place. Don't buy it at the store, and find or use other alternatives to avoid this type of waste. If you already have some HW items at home, you can use the HW Resource Guide at your convenience. Nowadays, there are many natural recipes you can make to clean at home, in the garage, and at the office.

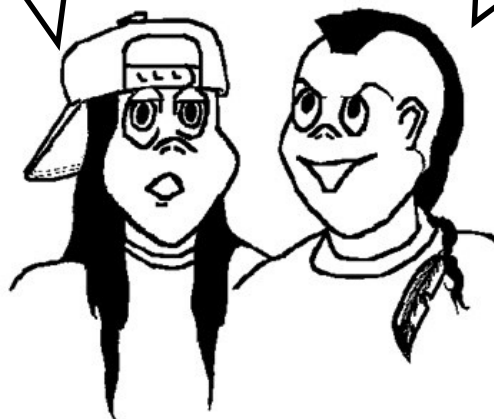

In Akwesasne, it is crucial that people can act in a proactive manner when managing hazardous waste. You are the one to make the powerful right decision. Some towns don't have hazardous collection day events that often, but there are methods and tools to manage hazardous waste correctly in the meantime. The local dynamics require that its residents act and dispose of hazardous waste at the stores found in the Resource Guide list. Take the HW item to the store with its visible label. Keep the hazardous waste or substance in its proper closed container.

If you have any questions, contact us at 518-358-4632 ext. 1600. We will be happy to talk to you.

Did you know that bike parts are environmentally friendly?

That's right, I heard they are recyclable.
