

# TANGLERS

Tanglers can become unnecessary hazards for animals and workers.

*“Even if a tangler is made of plastic, it doesn’t go in the recycling bin.”*

Do not put tangles inside the recycling bin. It will cause machinery problems at the Recycling Facility.

---

*NO plastic bags, bubble wrap, hangers, cords, hoses, wires, or ropes.*

Keep Recycling   
**Tangler-Free**

*"They spend up to 8 hours  
removing tangles"*

# KNOW YOUR NO'S

Don't tangle or contaminate. Recycle right for our state!

# NO TANGLERS

Hoses, cords, holiday lights, etc.  
tangle up the recycling equipment.
